- Python

CAREER OBJECTIVE

Results-driven IT Expert seeking to leverage strong skills in software development, database management, network administration, and technical support to contribute to a forward-thinking organization. Committed to applying a proactive, adaptable, and problem-solving approach to improve system efficiency, strengthen IT infrastructure, and deliver reliable digital solutions, while continuously growing into a senior systems developer and IT infrastructure specialist role.

PROFESSIONAL EXPERIENCE

ICT Technical Support Desk

Rural Development Organization | 01/2023 – Current | Iringa, Tanzania

- Provided ICT technical support desk services, resolving system, hardware, and software issues.

IT Support Officer

Mbeya City Council, Mbeya, Tanzania | 06/2025 – 11/2026

- Supported IT operations by maintaining computer systems and networks and resolving hardware and software issues.
- Provided technical support to staff while managing data and digital systems to ensure seamless operations.
- Enhanced efficiency, reliability, and accessibility of ICT services through systematic improvements.

IT Consultant

Mbeya Zonal Referral Hospital, Mbeya, Tanzania | 06/2024 – 11/2024

- Provided technical support for computer systems and networks, troubleshooting hardware and software issues to ensure operational continuity.

- NoSQL Databases
- Java
- C++
- React.js

LANGUAGES

- Swahili — Native
- English — Professional

INTERESTS

- Football
- Gospel Songs
- Swimming
- Farming
- Technology & Innovation
- Problem Solving

- Supported hospital information systems, managed data backups, and trained staff on IT tools to enhance system usage and reliability.
- Improved IT infrastructure, system reliability, security, and overall operational efficiency.

EDUCATIONAL BACKGROUND

Bachelor of Information Technology

Kampala International University, Dar es Salaam, Tanzania
10/2023 – Expected 12/2026

Advanced Certificate of Secondary Education

Iwalanje Secondary School, Mbeya, Tanzania
07/2021 – 05/2023

Certificate of Secondary Education

Kiyowela Secondary School, Iringa, Tanzania
01/2017 – 11/2020

Certificate of Primary Education

Magunguli Primary School, Iringa, Tanzania
01/2010 – 09/2016

PROJECTS

Rural Development Organization Monitoring and Management System (RDOMMS)

- Developed and maintained the RDOMMS, providing technical support and managing organizational data.
- Improved data collection and reporting processes, troubleshooted system issues, and trained users.
- Enhanced the efficiency, accuracy, and accessibility of monitoring and management information.

Fake Review Detection System

- Developed and maintained a system to identify and flag suspicious or fraudulent reviews.
- Improved review credibility, data accuracy, and user trust while supporting efficient analysis of review data.

ACCOMPLISHMENTS

System Development & Implementation

Developed and implemented web-based and desktop applications using PHP, JavaScript, HTML, CSS, and SQL, improving automation and operational efficiency.

Database Management & Optimization

Designed, managed, and optimized relational databases using MySQL, PostgreSQL, NoSQL, and SQL Server, ensuring data integrity, security, and reliable backups.

IT Infrastructure & Network Management

Configured, maintained, and troubleshoot computer networks, servers, internet connectivity, and IT infrastructure to minimize downtime.

Technical Support & Troubleshooting

Provided comprehensive support for hardware, software, operating systems, networks, printers, and information systems.

System Integration & Data Management

Integrated databases with information systems and developed efficient data storage, retrieval, reporting, and management solutions.

IT Training & User Support

Trained users on software applications, databases, information systems, and cybersecurity awareness.
